*Leadership Spencer County is an independent, not-for-profit organization, whose mission is to promote a progressive, unified Spencer County by identifying and developing leaders to serve our community.*

Designed to help develop effective community leaders, Leadership Spencer County offers the opportunity to develop leadership skills and expand participant's knowledge of Spencer County Indiana. Leadership Spencer County was established in 1997 by a group of citizens concerned about the future of Spencer County, Indiana. In 2019, Leadership Spencer County partnered with Purdue Extension. This partnership aligned the Purdue Leadership Program curriculum with local speakers, field trips, and learning opportunities which are vital for this grassroots program

Spencer County, in the heart of the land of Lincoln, has a tradition of growing leaders. Now more than ever, we must rely on this tradition to create community leaders who are prepared to meet the challenges of the 21<sup>st</sup> century. This program develops leaders who can adapt to change, see benefits in diversity, and recognize and encourage use of our local talents. Our leadership program is designed to strengthen our community by enhancing the leadership capacities of its citizens and by providing a means to those citizens to assume a more active role in meeting community needs.

The generosity of Leadership Spencer County sponsors enriches the program and makes the program more accessible by keeping tuition down and provides more opportunities and resources for our participants. Sponsorships help provide participant scholarships, meals, presenters, and supplies for our courses.

Your sponsorship entitles your organization to:
